Corpus Christi TX 78411

We are in need of graduate instructors primarily in accounting and finance as early as this Summer II term. The requirement to teach our graduate course is a Masters in a business type degree with a CPA or a PhD in a business type degree with 18 hours graduate work in accounting and/or finance.

Our classes are designed for the adult learner. We offer accelerated 8 week courses, one night a week for four hours each course beginning either at 5:30 or 6:00pm. Classes rotate so the offerings changed every term and instructors may only teach a few times a year.

Anyone who is qualified and interested is welcome to contact me directly for more information.

Jessica B. Parra, Director of Operations
